Basic Criminal Investigations

The criminal investigation process is one of the most challenging aspects of the law enforcement profession. Thorough and comprehensive investigations often yield successful criminal prosecutions, resulting in safer and healthier communities. The first step in delivering a comprehensive case for prosecution involves understanding and adhering to the core principles of the investigative process. This three day course will provide attendees with such principles and will provide a platform from which both novice and experienced law enforcement officers can develop further skills and abilities to conduct professional criminal investigations.

Implementing Intelligence-Led Policing

The Implementing Intelligence-Led Policing Training Program is a 1½ day program specifically for rural chief executives and command level personnel. The course examines the historical aspects of Intelligence-Led Policing (ILP) and promotes an understanding of the principles of

this important law enforcement philosophy. The goal of this program is to provide students with the necessary tools to implement ILP in their respective agencies. The course closely looks at the critical elements of ILP and demonstrates how the law enforcement executive can use them to build their own program. The course focuses on the agency's ability to use ILP to effectively manage an information sharing environment and expounds on the laws regarding privacy and civil rights.

Go to www.fletc.gov and put "Intelligence-Led" in the search box for additional program and registration information.

Lakehurst, NJ	06/18/2013 – 06/19/2013
Isle of Wight, VA	08/06/2013 – 08/07/2013
Salisbury, MD	09/24/2013 – 09/25/2013

Intelligence Awareness for Law Enforcement Executives

This is a 1-day, specialized training program designed to provide state, local, tribal, and campus law enforcement executives with a working knowledge of the National Criminal Intelligence Sharing Plan (NCISP), the criminal intelligence process and their important role in working towards the systematic sharing of information among the law enforcement community. Highlights of the program include an introduction to the National Criminal Intelligence Sharing Plan, the concept of Intelligence Led Policing, and the legal and privacy considerations associated with information collection, storage, and dissemination.

Lincoln, RI

8/06/2013

Go to www.fletc.gov and put "Intelligence Awareness" in the search box for additional program and registration information

Investigative Techniques Workshop

This 2-day workshop consists of programs that will benefit the aspiring investigator as well as those currently in the investigative field. The student will learn investigative techniques used during criminal investigations and be able to describe the uses of these techniques. Students will be also be able to identify and/or demonstrate the proper methods to locate, collect, and package evidence, as well as identify current case law and legal issues as they relate to search and seizures, identifying types of searches and how to prepare an affidavit for a search warrant.

Ashburn, VA	06/11/2013 – 06/13/2013
Many, LA	08/13/2013 – 08/15/2013

Go to www.fletc.gov and put "Investigative Techniques" in the search box for additional program and registration information

Knowledge for the Streets Workshop

This is a 2-day workshop that is designed to enhance an officer's ability to recognize and detect fraudulent documents, collect digital evidence and provide the officer with the legal aspects of use of force.

Arvada, CO

Go to www.fletc.gov and put "Knowledge" in the search box for additional program and registration information.

Latent Fingerprint Development for First Responders Workshop

This 8-hour Workshop is designed to train the student in the primary latent print development and preservation techniques deployed in many crime scene investigations. This training emphasizes the sequential techniques used to identify, develop, enhance and preserve latent print impressions from non-porous surfaces – the most commonly encountered by first responders and crime scene investigators.

Holbrook, AZ

06/06/2013

Go to www.fletc.gov and put "Latent" in the search box for additional program and registration information.

Leadership Through Understanding Human Behavior Training Program

This Course is designed to introduce supervisory law enforcement personnel to Target Training International's behavioral style analysis model DISC. The DISC model is widely used in management training around the world. Law-enforcement managers will learn that DISC is the universal language of observable human behavior. Just knowing and watching people can prove its validity. During this introduction to the DISC model the student will be exposed to the language of DISC and how they can use DISC to better know themselves, enhance communications, enhance their knowledge of others basic needs and provide their subordinates with a working climate for motivation.

Holland, MI

07/23/2013 – 07/25/2013

Go to www.fletc.gov and put "LTUHB" in the search box for additional program and registration information.

Leadership and Ethics Workshop

Through lecture, class discussion and small group exercises, this 2-day course examines the ethical standards for law enforcement officers. It stresses the importance of individual awareness and responsibility for ethical conduct within the law enforcement community. A practical definition of ethics is provided along with a discussion of the various influences on individual decisions that law enforcement officers make on and off the job.

Jackson, MS

Go to our website at www.fletc.gov/osl and put “SLLETS” in the search box for additional program and registration information.

Use of Force and Below 100

This 1-day program attempts to separate fact from fiction regarding frequently held beliefs about Use of Force (i.e., Are officers required to use minimal force? Does violating agency policy cause civil liability? Do continuums help officers make better Use of Force decisions? The BELOW 100 portion of this workshop is an awareness-based, impactful course focusing on preventing line of duty deaths where officers contribute to their own death through their actions. BELOW 100 is an awareness campaign, combined with a training program that will provide a common sense solution to driving down a number that has remained too high for too long.

Pierre, SD

07/09/2013 -07/11/2013

Go to www.fletc.gov and put “Use of Force and Below 100” in the search box for additional program and registration information.

Use of Force (UOF)

Use of Force: Myths vs. Realities: *This course attempts to separate fact from fiction regarding frequently held beliefs about Use of Force. Are officers required to use minimal force? Does violating agency policy cause civil liability? Do continuums help officers make better Use of Force decisions? These questions and more will be answered based on established case law and objective research.*

After the Fight Self Applied First Aid: *Through Lecture demonstration and hands on activities, attendees will learn simple “ditch medicine” for treating themselves and others with little to no medical equipment while waiting for EMS.*

Characteristics of Armed Individuals: *This course provides the student’s with basic skills in recognizing the characteristics of armed individuals during interactions with the public.*

Butte, MT

06/12/2013

Go to www.fletc.gov and put “Use of Force” in the search box for additional program and registration information.
