Subject: Evacuation Ordered

All,

Provided, FYI and awareness only.

In continued anticipation of Hurricane Matthew, the FLETC Glynco and Charleston sites are both activating their Hurricane Response Plans and evacuating the remaining students. For FLETC/Glynco, staff and families are encouraged to evacuate the area and inform their chain of command if they intend to use Glynco's evacuation site in Douglas, Georgia, so that accommodations can be made in preparation for them.

If there are any questions, please call Stacey Rogers at 912-506-1381.
